Today

Sunday, there will be a Love Offering for Trinity Grabeal's Mission Trip to Thailand

I'm excited to lead a team from Oklahoma Cru on a mission trip to Thailand to spread the Gospel at universities. With less than 1% Christian population, we aim to share the Good News. I need to raise \$6000 for expenses and appreciate any support. Please pray for our mission's success. Updates will be on my Facebook page.

Join me in this mission!

Methodist Men are meeting Sunday
after church in the gym.
Lunch is provided.

Seeking Support from Your Church Family in Times of Need

If you or your family is anticipating surgery or going through a crisis and would like to have your church family there to support you, please let us know.

Call Lynn at the church office at **817-558-9801** or email her at lynn@joshuamethodist.church.

If it is an emergency call **Pastor Payton Carter** at **817-657-0559**.

The church office hours are Mon - Thurs 9:30-4:00.

If it is after hours call Payton or

Pat Bonds, Congregational Care Chair @ **817-641-9995**.

This Week

Angels in God's Kitchen

This past Saturday the "Kitchen Angels" served over 85 people mourning the passing of a beloved young man in their family.

I can't thank enough all who participated in this event.

You know who you are whether you furnished food, funds or other support to those pulling things together, know that what you did made ALL the difference. The familiar phrase 'It takes a village' was used that day. Well I can tell you the village is populated by some pretty incredible people.

Thank You Again!! - Debbie Hart

This Week, cont'd

Come Grow with Us Ministry

If you would like to help with this ministry we need people to take clippings from their house plants, root them in water then plant in a 4 inch square or round pot. We also need help delivering them to new homeowners or apartments in the Joshua area.

If you have any questions please see Barbara Crew or Becky O'Loughlin.

Join Us in Planting Joy!

Health Tips in the Wesleyan Tradition

Stress

Yes, we're talking about it again

Stress can effect all parts of your body and cause mental and physical changes.

In the next few weeks the areas of the concern will be highlighted. This week it's the

BRAIN.

Stress initiates in the brain, triggered by external factors like an alarm clock. This stress can be brief or prolonged, prompting the body to release chemicals for the fight or flight response. Even though you tackle your stressful job daily, you can't fight or flee as you need your paycheck. Consequently, these chemicals harm your body since they can't perform their intended function, leading to chronic stress.
